

Your Trust is missing out

Discover the Wagestream advantage

120 NHS Trusts and Health Boards make work more rewarding, by offering financial benefits through Wagestream.

800,000 NHS colleagues use it to manage their budgeting, choose when to get paid, save for a rainy day, access fixed term loans with flexible terms, get 1-1 personalised financial coaching, save money on bills and more.

The result: improved financial wellbeing and reduced spend across recruitment, churn and agency costs.

Reduce costs and boost Trust performance

Recruitment

Employers mentioning Wagestream on job ads improve their time-to-hire by 27%.

Shift uptake

Employees using Wagestream work 11% more hours per week. NHS employers see an average increase of 5 hours worked per bank assignment.

Retention

Employers using Wagestream can expect a 16% reduction in churn. With a 10% reduction, an average employer with 2,500 employees will save £775,000 per year.

Agency spend

Increased uptake of bank work pushes agency costs down. A large healthcare provider saw a 32% reduction in agency spend in the nine months post implementation.

reduction in vacancies

“There has been a reduction in agency, staff feel more comfortable and willing to take on more bank work. I’ve seen our turnover reduce so therefore our retention rate is getting stronger.”
