SPECIALIST MEDICAL COURIER SERVICES

EMED Group provides specialist medical courier services for patients, pathology and NHS logistics services.

For over ten years, our Courier services division has provided reliable, professional and cost-effective courier solutions to our healthcare partners across England and Wales.

- 24/7/365 service managed by our state-of-the-art dispatch centres
- Over six million successful pathology samples delivered to labs throughout the country
- Agile Courier Management System that allows real-time tracking, dashboard reporting and customer portal access
- Warehouse pathology consumable pick and pack service
- Specialist fleet vehicles for all contract requirements, including UKAS compliant dual temperature-controlled and EVs
- UN3373 transportation bags
- RFID ready to monitor individual sample temperatures and tracking
- Full and comprehensive courier induction and training package for all staff
- Flexible ad hoc delivery service

courierservices@emedgroup.co.uk
