A RADIOLOGY CAREER ON YOUR TERMS

At LMVP Telemedicine, we offer radiologists the freedom to work flexibly, gain exposure to diverse cases, and enjoy strong professional support - all while making a real impact in patient care.

Whether you are looking for full-time, part-time or casual work, LMVP provides the ideal environment for radiologists who want control over their careers without sacrificing work-life balance.

FLEXIBLE WORKING – ON YOUR TERMS

At LMVP, you choose how, when, and where you work. We offer a range of working arrangements:

- **Full-time roles** for consistent workflow and stability
- **Part-time or casual options** starting from few hours per week
- **Work-from-home flexibility** with remote reporting solutions
- **Tailored rosters** based on your availability and preferences

DIVERSE & ENGAGING CASE LOAD

At LMVP, you will engage with a broad spectrum of cases that foster continuous learning and professional development:

- Manage a diverse mix of **emergency and acute studies**
- Deliver consistent **routine and overflow reporting**
- Pre-Reads, Final Reads, Second Opinions and Subspeciality reporting
- Contribute to high-quality diagnostic services **worldwide**

ACHIEVE TRUE WORK-LIFE BALANCE

At LMVP Telemedicine, we believe in a career that fits your life. Our flexible working model offers:

- **Remote reporting** for better work-life balance and reduced commuting
- **24/7 support** from a dedicated professional team
- **Customisable schedules** to suit your personal commitments

COMPETITIVE REMUNERATION & FULL SUPPORT

We are committed to offering rewarding compensation for our radiologists:

- **Competitive pay** with a focus on fairness and recognition of your expertise
- **Flexible remuneration options**, including sessional rates and fee-per-case structures

A THRIVING PROFESSIONAL COMMUNITY

- Become part of a **global network** of skilled radiologists from Europe and beyond
- Collaborate with experts across diverse **subspecialties** and backgrounds
- Engage in a culture of **knowledge-sharing** and continuous professional development
- Foster meaningful **relationships** and contribute to the advancement of **quality care**

MAKING A REAL IMPACT IN PATIENT CARE

At LMVP Telemedicine, your work has a direct and meaningful impact on patient outcomes. We deliver critical diagnostic insights to healthcare professionals, ensuring timely and accurate decision-making:

- **24/7 service** – Providing expert support around the clock for urgent and routine care
- **Informed treatment decisions** – Your reports empower clinicians to make accurate, life-saving choices
- **Commitment to excellence** – Adhering to the highest standards in radiology to enhance patient care
- **Impact on patient outcomes** – Contributing to a healthcare system focused on timely, precise diagnoses
