

A dark blue silhouette of a person's head and shoulders is positioned on the right side of the image. Overlaid on the background are several concentric, hand-drawn style circles in a slightly lighter shade of blue, creating a ripple effect that extends from the person's head area towards the left.

## ABOUT LMVP TELEMEDICINE

Established in 2020, **LMVP Telemedicine** unites a network of internationally recognised radiologists committed to delivering exceptional diagnostic imaging services. Our mission is to offer **cost-effective, high-quality solutions** powered by **advanced IT systems** that improve efficiency and support timely, accurate clinical outcomes.

Our carefully selected **subspecialist consultants** are leaders in their fields, holding the highest levels of accreditation and bringing **extensive experience from NHS Trusts**. Their expertise ensures we deliver services tailored to each client's needs while maintaining the highest standards of clinical excellence.

We provide a seamless, **end-to-end service** to healthcare providers and patients—helping to reduce hospital backlogs, ease clinical pressures, and ensure fast, dependable reporting. With 24/7 availability, we offer round-the-clock diagnostic expertise that supports better patient care without compromising quality.

## QUALITY ASSURANCE

Our commitment to quality is unwavering. All diagnostic reports at LMVP Telemedicine undergo stringent quality control processes, including double reading by experienced radiologists, ensuring a discrepancy rate of less than 0.01%. Trust us for the highest standard of diagnostic accuracy.

## EXPERT TEAM

LMVP Telemedicine employs a team of highly skilled and board-certified radiologists with subspecialties in various fields. Our experts bring extensive experience and specialised knowledge to deliver precise and insightful diagnostic reports.

## FLEXIBLE SOLUTIONS

At LMVP Telemedicine, we understand that every client has unique needs. That's why we offer customisable solutions - including flexible pricing models and tailored service packages. Whether you need routine diagnostic services or urgent consultations, our scalable offerings are designed to meet your specific requirements. Our approach combines data-driven cost analysis, efficiency-focused workflows, and continuous improvement strategies to deliver high-quality, value-for-money radiology services.

## REGULATORY COMPLIANCE

LMVP Telemedicine is fully compliant with global healthcare regulations, including CQC, GDPR and Cyber Essentials Plus. Our robust compliance framework ensures that patient data is protected and all services meet the highest legal and ethical standards.

## ADVANCED TECHNOLOGY

LMVP Telemedicine leverages cutting-edge AI and cloud-based solutions to enhance the accuracy and efficiency of our diagnostic services. Our technology ensures rapid turnaround times and seamless integration with your existing systems, providing you with reliable and timely results.

## COMPREHENSIVE SUPPORT

Our dedicated customer service team is available 24/7 to assist you with any inquiries or issues. We pride ourselves on providing exceptional support to ensure your experience with us is smooth and hassle-free from start to finish.

## OUR SERVICES

- **Emergency & Acute Reporting** - 24/7 rapid reporting for urgent and time-critical cases, supporting A&E and inpatient care.
- **Routine & Overflow Reporting** - scalable support for day-to-day reporting needs and high-volume periods.
- **Second Opinions & Subspecialty Reporting** - consultant-level expertise across neuro, MSK, chest, paediatrics, breast imaging, and more.
- **Pre-reads & Final Reports** - flexible options tailored to your workflow.
- **Weekend & Out-of-Hours Cover** - reliable reporting during evenings, nights, weekends, and public holidays.
- **Backlog Reduction Services** - targeted solutions to help manage delays and clear existing reporting backlogs efficiently.
- **Medico-Legal Reports** - expert imaging reports tailored for legal, insurance, and personal injury cases.
- **Third Party Audits** - independent audits to ensure accuracy, compliance, and adherence to industry standards.

## FULL INTEROPERABILITY WITH PACS, RIS, AND EPR SYSTEMS

LMVP uses cutting-edge Biotronics 3D technology that ensures seamless data synchronisation, allowing clinicians to access reports directly within their existing workflows without manual intervention. Full system interoperability improves service efficiency, enhances clinical decision-making, and reduces administrative workload for both NHS and private sector clinicians:

- **PACS** - DICOM-based connectivity ensuring direct access to medical images
- **RIS** - HL7 integration to streamline report submission.
- **EPR** - direct linkage with Trust EPR systems via NHS-compliant interfaces.

## PATIENT-CENTRIC SERVICE DELIVERY

At LMVP Telemedicine, we follow a structured approach that puts diagnostic quality, clinical collaboration, and patient safety at the heart of everything we do:

- **TAT Compliance** – we meet NHS-mandated reporting SLAs (routine:  $\leq 24$  hrs, urgent:  $\leq 1$  hr, emergency:  $\leq 30$  min) ensuring timely diagnostic insights and reduced patient waiting times.
- **Report Accuracy & Peer Review Audits** – 10% of all reports undergo secondary peer review audits ensuring diagnostic precision and reduced misdiagnoses.
- **Direct Clinician-Radiologist Communication** - real-time case discussions between clinicians and LMVP radiologists enhancing diagnostic clarity and clinical confidence.
- **AI-Powered Quality Control** - AI-driven abnormality detection flags discrepancies before final report submission resulting in reduced diagnostic errors and enhanced patient safety.
- **Transparent reporting dashboards** for clinical governance.
- **Fully compliant** with NHS DSP Toolkit, GDPR and IG best practices.

## WORKING IN PARTNERSHIP

LMVP Telemedicine ensures effective communication and builds strong partnerships with both NHS Trusts and private clients. We work collaboratively with clinical teams to provide tailored support, address diagnostic challenges, and adapt our services to meet evolving clinical demands.

## LMVP CERTIFICATIONS & REGULATORY ACCREDITATIONS

LMVP maintains nationally and internationally recognised certifications, ensuring compliance with data security, quality assurance, and NHS reporting standards.

**Partner with LMVP Telemedicine to deliver high quality radiology services that drive clinical excellence and improve patient outcomes every day.**
