Tech Solutions

protas

"I am thoroughly pleased with boxxe's security provisions. They adeptly executed the onboarding, integration, and management of Protas' critical services and security wrap, delivering an ongoing excellent service. The presence of the 24/7 Security Operations Centre (SOC) vigilantly monitoring both Protas' and trial environments provides me with a reassuring sense of confidence, knowing that a team of specialists is readily available if needed."

Scott Wilson, Head of Information Security, Protas

Results

Accelerated compliance

33% faster

Protas achieved Cyber Essentials Plus compliance 33% faster than the industry standard, completing it in just 4 months.

Swift threat detection

15 mins

Our response time from our Managed Threat Detection and Response Service was only 15 minutes in a simulated malware threat.

Gold standard certification

UKAS

UKAS accredited ISO27001 certification in April 2023, showcasing Protas commitment to top-tier information security standards.

Challenge

Protas, a healthcare non-profit, needed robust security while rapidly expanding through partnerships with industry leaders, facing stringent security standards.

Plan

boxxe devised a strategy for swift Cyber Essentials Plus compliance, ISO27001 certification, and proactive security measures to strengthen Protas's security foundation.

Approach

We expedited compliance, secured ISO27001 certification, and employed real-time threat monitoring, ensuring robust security and bolstering Protas's position in healthcare.

Outcome

Protas, now fortified by boxxe's security measures, achieved Cyber Essentials Plus compliance in just 4 months, exceeding industry norms. Earning ISO27001 certification showcased their dedication to top-tier security. With rapid threat detection and Dark Web monitoring, Protas is primed for secure growth and trusted healthcare collaborations.
