Devoteam capabilities: **+300** Consultants | **+200** Mule Certifications | **+35** TIBCO Experts

Assessing

Why work with Devoteam on your TIBCO2Mule migration?

- Speed up connectivity across your ecosystem
- Get a single platform for APIs and integrations
- Better scalability, performance, and developer experience

Why migrate from TIBCO BW5 to MuleSoft?

- Modern Architecture
- Enhanced Developer Experience
- Seamless Integration
- Improved Scalability & Performance
- Strong Community & Support
- ROI, Trade Off, and Use Cases
- Graphs and Metrics

Introspection Tool

- Predicted estimates of effort, cost, and time
- Introspection Tool for counting TIBCO processes
- Complexity Estimation Tool for assessing migration complexity
- Use AI insights for smoother transitions

Accelerating

Migration Accelerator Tool

- Extract existing processes
- Utilise Maven archetype for structured project setup
- Automate project creation efficiently

Gen AI Accelerator Tool

- Pre-trained AI for analyzing TIBCO data
- Continuous improvement through feedback loop
- AI recommendations for MuleSoft integration

Operational Model Transformation

- Unlock innovation with a Center of Enablement
- Self-service, reuse, scalability, and platform support

Managing

Safety Belt - Managed Services

- Optimised managed services for cost reduction
- Focus on agility and operational excellence
- Competitive market advantage through MuleSoft integration

Skill Set Transformation

- MuleSoft Academy by Devoteam
- Consultants' training in key areas
- Preparation for MuleSoft certification

Why discontinuing TIBCO?

- TIBCO will discontinue support for BW5 as of January 2024
- TIBCO BW5 designed only for on-premises integration, TCI inadequate for modern integration
- TIBCO discontinued the whole professional services group, totally shifting focus from integration
- Estimate the duration and resources needed for migration

Managed Services

- Rely on the a team who specialises in MuleSoft Managed Support
- Flex the service levels needed according to your business calendar. Need 8/5 most of the year, but 24/7 over black Friday period?
- Buy additional small change when you need it, according to your business needs

They trust us on MuleSoft among others...

Successful TIBCO track record at 30+ customers
